

CONNECTICUT FAMILY ACUPUNCTURE

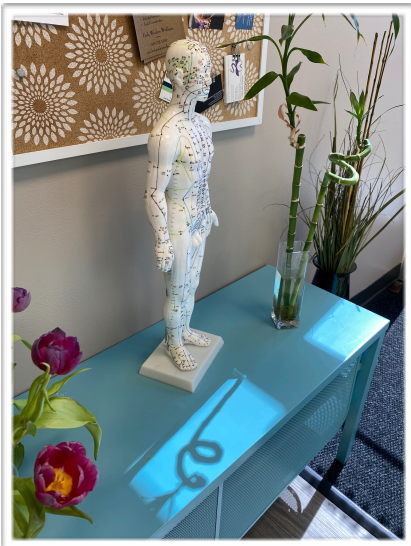

Connecticut Family Acupuncture is looking for the next superstar acupuncturist to join our team!

We've experienced unprecedented growth over the last year and we're trying to find one or two stellar people to come on board as independent contractors.

Our main office is in beautiful Glastonbury, CT and we have a "satellite" office near the University of Connecticut that has plenty of potential to expand to a full-time location - so there is plenty of availability and room to grow!

What we're looking for is someone to come in and just be an acupuncturist. We'll handle all the billing, ordering of supplies, paying rent, marketing, etc. - the *only* thing we'll ask our new team member to pay for their own malpractice insurance.

Our independent contractors are simply paid a split of total income produced. Easily work up to 40+ patients per week within a few months. Based on our current numbers, a motivated acupuncturist could easily be approaching a 6 figure income within a year.

No requirements in terms of *how* to practice. We're just looking for a couple of people who want to work their magic, ply their trade, and build their legend without having to worry about all the stress, headaches and BS that comes with owning a business and running a practice.
